**Nanosurf AG is prize winner at Swiss Entrepreneurial award**

Nanosurf AG receives an honorable 4<sup>th</sup> prize at the Entrepreneurial Award ceremony for Northern-Switzerland (Unternehmerpreis Nordschweiz 2007), a prestigious event organized by the Swiss Venture Club.

Out of 84 companies that were recommended by a critical jury, six companies — among which Nanosurf — were nominated for the award, based on their innovative products, regional rootage, proven success, and forward-looking entrepreneurship.

The award, which was attended by more than 1500 invited guests, was covered live and in full length by the local television broadcasting company TeleBasel.

Prize winners sitting at the front of the large ceremony hall, which was filled with an enthusiastic audience watching the entertaining show. To the right: Robert Sum, CEO of Nanosurf.

Posing for the official group photo.

Further information and more pictures from the event can be found at the SVC Homepage, using the following link:
